PROFESSIONAL SUMMARY

Front-End Developer specializing in React.js and Next.js, with hands-on experience building responsive web applications and supporting landing pages for campaign-driven projects. Strong in JavaScript (ES6+), TypeScript, state management, API integration, form handling, and reusable component design. Focused on delivering clean, maintainable user interfaces with strong usability and performance.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS

State Management & Data: Redux Toolkit, React Query, TanStack React Query, REST API Integration, Axios

Forms & Routing: React Hook Form, Zod, React Router DOM

Tools: Git, GitHub, Vite, npm

Backend Fundamentals: Node.js, Express.js, MongoDB, Mongoose, REST APIs

PROFESSIONAL EXPERIENCE

Activation Team Supervisor & Technical Web Developer | Brand Aid Marketing Solutions Jun 2024 - Present

- Supported activation team operations and coordinated task follow-up to help execute marketing campaigns and on-ground activities.
- Built and maintained simple web pages and landing pages for internal projects and campaign needs.
- Assisted with technical setup and handled web-related support tasks to improve campaign execution and team workflow.
- Monitored on-ground tasks and collaborated with team members to maintain smooth project delivery.

Front-End Mentor | Resala Organization Jan 2023 - May 2023

- Provided technical guidance to students in React.js and JavaScript fundamentals, including components, hooks, routing, and API integration.
- Reviewed front-end projects with a focus on component structure, scalability, maintainability, and code quality.
- Supported debugging efforts and Git/GitHub collaboration workflows to improve project organization and usability.

SELECTED PROJECTS

Brand Aid Event Registration System | *MERN Stack Project*

- Developed a full-stack event registration system using React.js, Node.js, Express.js, and MongoDB.
- Built the registration flow, backend APIs, and admin dashboard for participant management.
- Implemented responsive UI features including seat-limit monitoring, search, and record deletion.
- Tech: React.js, React Router DOM, Tailwind CSS, Framer Motion, Node.js, Express.js, MongoDB, Mongoose, Vite
